

Great Magtech Electric Co., Ltd.

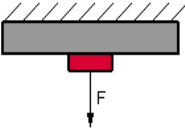

1301B, A-02 Building, Software Park III, Jimei District, Xiamen, China (361022)

TEL: 86-592-6682467

Noting Points

date: 2015/10/8

Items	Pictures	Notes
Holding Force	 A schematic diagram showing a grey rectangular block attached to a hatched surface representing a ceiling. A red rectangular block is attached to the bottom of the grey block. A downward-pointing arrow labeled 'F' indicates the force applied to the red block.	Holding force 25KG will be tested several times to ensure the powerful strength. (We offer the similar product to Bunzl)
Magnet Coating	 A photograph of a white industrial salt-spray testing chamber with a hinged lid and two glass doors on the front.	Smooth perfect coating Ni+Cu+Ni, with 72-96 hour Salt-Spray Testing
Painting	 A close-up photograph of a person's hand holding two white, hook-shaped components. One is a circular base with a hook, and the other is a smaller hook.	Ni+Cu+White Powder Painting prevents the whole painting dropping off and makes it beautiful and decorative.
Inner Package	 A photograph showing a white tray filled with many small white hooks, placed inside a cardboard box lined with brown packing paper.	50pcs of white hooks are firmly stick onto the brown packing paper+Steel Sheet, and wrapped in transparent plastic bag and a customized cardboard box. This is to make sure that magnetic hooks won't move in a mass and avoid the pressing risk during the shipping.

<p>Outer Package</p>		<p>Outer package is wood case, to ensure all the goods can be delivered to your hands safely and perfectly.</p>
<p>Advantages of Beautiful Packing</p>	<p>You will find all the firm and beautiful package amazing, which do go to wholesale or retail for your clients or just easily sticking your own logo on it. If needed, we would like to help you do this. Your customer will be very happy to see such perfect things and speak highly of them.</p>	
<p>It seems our "Shortage", but we exceed your expectation</p>	<p>GME is built in March,2015. It is right that we are very YOUNG at the moment. But we are not NEW in magnet fields. GME team are all excellent bros in magnetic products with at least 5-year working experience. And we have specialized QC teamate. Moreover, we are full of passion and you will find us exceed your expectation.</p>	
<p>GME Certificate</p>	<p>Because of the National holiday, our CE, RoHS certificates are still on its way to our hands. And we are going to receive SGS tesing on Oct. 14th. When we get the certificate, we would like to send a copy for your reference.</p>	
<p>GME Promise</p>	<p>We understand you have many suppliers which is bigger and older than us, maybe you rank No. 5, No.10, No.20 in their customer lists, BUT you are always NO.1 in GME. For the best quality and urgent lead time, I can stay in the factory for one month, specially help you to push the production and check the quality.</p>	
<p>GME Value</p>	<p>Customer care, Innovation, Co-prosperity, Social responsibility Details are in http://www.greatmagtech.com/about.html</p>	
<p>Hopes</p>	<p>GME has the Greatest sincerity to be one of your most satisfaied partner and good helper in your business. And we are very confident that we can do it!!!</p>
